UNSEEN RISKS. UNCHECKED HAZARDS.

As an unseen shield for your safety, passive fire protection systems are built into the structure and do not require activation, making them a 'silent guardian' against fire.

HOWEVER, does unseen mean forgotten?
Unseen defects could be affecting your fire compliance right NOW!

Changes to legislation: There are currently no known outstanding effects for the Fire Safety Act 2021. (See end of Document for details)

Fire Safety Act 2021

CHAPTER 24

FIRE SAFETY ACT 2021

- 1 Premises to which the Fire Safety Order applies
- 2 Power to change premises to which the Fire Safety Order applies
- 3 Risk based guidance about the discharge of duties under the Fire Safety Order
- 4 Extent, commencement and short title

COMPLIANCE ISN'T A CHOICE. IT'S THE LAW.

The Fire Safety Act 2021 mandates “responsible persons” to manage and reduce fire risks associated with a building’s structure, external walls (including cladding), and all doors that open from the domestic premises into common parts.
